HPV
Vaccination Roundtable

HPVRoundtable.org

Background

- No stand-alone website for the HPV Roundtable
- Difficult to find HPV Roundtable and partner resources
- No way for members to connect with one another

The National HPV Vaccination Roundtable

The National HPV Vaccination Roundtable (HPV Roundtable) is a trusted coalition of public, private, and voluntary organizations and experts dedicated to reducing incidence of and mortality from HPV cancers in the United States.

Report from the Midwest Listening Session: A Project of the State Coalitions & Roundtables Task Group

This report summarizes a regional gathering of HPV vaccination coalitions from six Midwestern States. Members of the State Coalitions Task Group met with state leaders to hear about their successes, challenges, and ideas for advancing HPV vaccination. Ideas will inform work of the HPV Roundtable. In addition, we highly encourage state and local partners to review the findings to inform and enrich their own efforts to increase HPV vaccination. Release in August 2017.

Increasing Adolescent Immunization Coverage: An Elearning Module for HPV Vaccination

Three providers—a pediatrician, an OB-GYN, and a head and neck surgeon—outline the importance of vaccinating 11- and 12-year-olds against HPV cancers. "Increasing Adolescent Immunization Coverage" is a 40-minute e-learning for pediatric and primary care provider teams. RNs/NPs, physicians, physician's

What We're Looking For

The HPV Roundtable is collecting external partner resources to enhance our partners' ability to access tools and materials from successful interventions that are being implemented in a variety of settings, coupled with evaluation tools that will help them assess that work.

How Can You Help?

The HPV Roundtable encourages public health organizations, health care systems, providers, payers, and parents to join in our mission to reduce HPV cancers.

Get involved by:

- Vaccinating your kids at ages 11-12, or advocate for the HPV vaccination with friends and family
- Reframing HPV vaccination as cancer prevention in your communications
- Connecting with your local [state HPV coalition](#)
- Committing to [improving HPV rates](#) in your practice or health system
- Taking advantage of [free continuing medical education \(CME\)](#) courses
- Utilizing the HPV Roundtable's "We're In!" seal to show your organization's commitment to the cause
- Using tools from our [Resource Library](#) specific to your audience needs
- Inviting a HPV cancer [survivor or subject matter expert](#) to speak at your event
- Learning about and supporting our [member organizations](#)
- Joining our [HPV Cancer Free Facebook](#) community, and becoming a vocal pro-vaccine advocate

Engage Survivors

HPV-related cancer survivors have a unique voice, and inviting a survivor to tell his or her story at a meeting, grand rounds, conference, or other event can be a powerful addition to your program or presentation.
