Roundtable By-laws

We Value Your Feedback!

- Task group sessions were valued and many noted they like having BEFORE national meeting
- Assign seating and mix up seating to facilitate networking
- Strong, timely social media presentation
- Task group dinner presentations were amazing
- Prefer a hotel venue in-town and where people can take walks
- Great emcees and excellent speakers
- Three plenary panels was a lot--consider offering more breakouts and choice for attendees
- Action breaks kept energy up (yoga)

National HPV Vaccination Roundtable

The National HPV Vaccination Roundtable is a coalition of over 70 national organizations working at the intersection of immunization and cancer prevention to raise HPV vaccination rates and prevent HPV cancers.

OUR MISSION:

1 CONVENE
We convene national organizations, experts, and key stakeholders to ideate, strategize and problem solve.

2 COMMUNICATE
We communicate and inform providers, systems, coalitions, parents, and the larger public about the importance of HPV vaccination as cancer prevention.

3 CATALYZE
We catalyze our members to take action to close the adolescent vaccination gap.
